MADE  IN FRANCE

OPEN Classic

Intelligent investment.

Open Classic is a safe investment: it is the most widely sold above-ground cover in the world. Motorised roller tube with limit switches. Simple, reliable, economical, ideal for new pools.

Economical solution

Less evaporation. Improved heat balance for longer, more affordable pool use. Cleaner water.

Discrete and aesthetic

Fits easily on most existing or new pools.

Declutchable motorisation

2 types of attachment

A sleek base stand with no visible attachment or with traditional offset fastening plates.

1 Perfectly adjustable

Height-adjustable legs prevent friction on pool edges.

Fitted with limit switches

Turn the key and in 3 minutes, the cover unrolls or rolls up. The limit switch positions are regulated and managed once and for all.

Connected

Can be connected in series to your water treatment system to regulate according to the cover position.

2 Quality down to the very last detail

Impeccable finish for the profiled slat wings. Ultrasound welded⁽¹⁾ plugs provide watertightness and reliability.

Peace of mind

Once unrolled, safety is guaranteed.

AVAILABLE OPTIONS

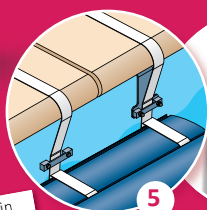

3 Practical and attractive design

Simple comfort using the Abriblue wireless control box.

4 Optimal

The wings fitted with brushes limit passage of impurities into the pool and reduce the gap between the brushes and the pool wall.

OPTIONS
AVAILABLE

5 Manual locking mechanisms adapted to all needs:

- Straps on the pool deck;
- Coverlock system;
- FEEX'O system.

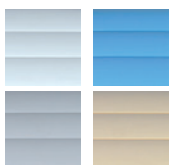

6 Atmospheric effect guaranteed

With the luminous translucent cover. Lit by a low voltage LED system.

Guarantee
3
years*

⁽¹⁾ For manufacturing reasons, some covers may be finished using the traditional bonding method.
* For the slats, the mechanism and the motor. See general conditions of sale.
